TAGTech.Global

Talal Abu-Ghazaleh for Technology

Your TECH TOOLS for the Inevitable Digital Future

2023

Chairman's *Message*

The demand for knowledge workers with a high degree of IT literacy is now a requirement for the global digital economy. TAG.Global has been an organization steeped in technology from its very inception. This has been one of the key factors in its success in becoming one of the largest multi-disciplinary professional services firms in the business world - leveraging the latest ICT innovations in every aspect of its operations.

The current era of technological progression is rewriting the global landscape, meaning that those without proficiency in IT will be left behind. It has been my long-standing aspiration to develop such talent and make available affordable and high quality computing devices to everyone. My Chairmanship of various UN related ICT bodies and exposure to global technology issues reaffirmed this belief which led me to establishing Talal Abu-Ghazaleh for Technology (TAGTech.Global) in 2018.

TAGTech.Global is a global manufacturer of innovative personal and business productivity devices including laptops, tablets and other hardware apparel. My vision is for it to become a leading, global provider of technology devices in an attempt to bring affordable technology into every household and office to produce skilled knowledge workers. This was achieved by bringing together international technology specialists and manufacturing experts, which has resulted in the development of a range of unique, high quality technology devices that I am proud to present to you.

Talal Abu-Ghazaleh

About
TAGTech.Global

Talal Abu-Ghazaleh for Technology (TAGTech. Global), a member firm of Talal Abu-Ghazaleh Global, is the brainchild of HE Dr. Talal Abu-Ghazaleh who saw an urgent need to establish an entity that would adopt the latest technological advancement and present it to the global society at affordable prices.

TAGTech.Global specializes in developing, designing, manufacturing and producing latest personal and business devices tailored to the knowledge citizens of the world at the fraction of the prices of other brands.

Enjoy our top of line products which carry the highest specs and the most affordable prices in the world.

www.tagtech.global

Our *Mission*

TAGTech.Global seeks to facilitate access to the latest technology and place it in the hands of the global knowledge citizens.
