Arab Organization for Quality Assurance in Education (AROQA)

AROQA is a non-profit and independent association established in Belgium in 2007 to promote excellence and raise the quality of education in the Arab world. The creation of AROQA has been launched at the League of Arab States.

- Honorary Chair: H.E. Mr. Ahmed Aboul Gheit, Secretary General of the League of Arab States
- Chair of the Board of Directors: H.E. Dr. Talal Abu-Ghazaleh

Members

Sixty four members of Arab universities and schools contribute to the development of AROQA and support its decision making through participation in its annual general meeting which is held every year during AROQA's Annual Conference. AROQA supports its members to install quality assurance systems through building capacity, participation in specialized workshops, and developing partnerships for networking. It also supports its members to adopt a framework of academic accreditation according to a set of criteria and indicators that measure excellence in teaching and learning and in its governance, infrastructure, resources, and outreach. AROQA is honorary headed by the Secretary General of the League of Arab States, chaired by Dr. Talal Abu-Ghazaleh, and operates through the offices of Talal Abu-Ghazaleh Organization in all cities in the Arab region.

Quality Assurance Services

AROQA provides services to educational institutions through consulting and training in the fields of quality assurance, quality management and quality control in accordance with the highest national and international standards of accreditation and supervision. It also leads global technical activities in the field of accreditation, control, evaluation and certification of any types of services, programs, systems and educational institutions.

Standards and Accreditation Services

AROQA provides accreditation services for educational programs and institutions at all levels through a network of worldwide accreditation agencies, where the evaluation of educational activities and sub-units of the institution are monitored to ensure adherence to quality standards and continuous improvement.

The process of accreditation will begin with (1) preparation of materials that demonstrate the level of quality of the areas of operation related to administration, teaching, and learning; (2) peer review of the prepared materials; and (3) a decision is taken on whether or not accreditation will be granted.

Educational institutions are reviewed through a set of indicators on quality and standards, which include: Teaching and learning, Students, Institutional Competence, Resources, Communication, Creativity and Excellence, in addition to the schools accreditation the organization accredits the programs and institutions.

Activities

AROQA promotes collaboration in the research and education community, encourages joint projects, informs decision makers on quality, and develops support groups in the quality and accreditation communities. It also encourages improved quality by installing quality systems in educational institutions, and by arranging training and capacity building programs in education quality assurance and accreditation.

Talal Abu-Ghazaleh International Diploma in IT Skills (TAG-DIT)

Launched in 2001, TAG-DIT certificate evaluates the applicants' practical ability to apply multiple computing skills along with using the fundamental computer techniques that are necessary and crucial for the professional work environment.

TAG-DIT Levels

TAG-DIT has two levels, Foundation and Standard. The training hours of the course range between 70 – 90 hours according to the trainee's level. Eligible individuals are welcomed to attend the test without the need of having previous training courses.

TAG-DIT includes seven subject matters upon which the evaluation is based:

1. Introduction to Information Technology.
2. Computers Use and Files Management “Microsoft Windows”.
3. Word processing using “Microsoft Word”.
4. Spreadsheets using “Microsoft Excel”.
5. Electronic Communication using “Internet Explorer”.
6. Presentations using “Microsoft Power Point”.
7. Databases using “Microsoft Access”.

Advantages of TAG-DIT:

1. Bilingual: Availability of selecting the language of the exam either in Arabic or English.
2. Credibility: Electronic correction of the exams without any human intervention.
3. Speed: The results of the exam appear immediately on the trainee's screen after the exam.
4. Flexibility: Trainees can attend the exam at any time and at any accredited center.
5. Gradual progress: The Certificate will be granted according to the subjects passed, starting from one subject.
6. The possibility of applying for one exam of the seven subjects of the certificate.
7. The Certificate is issued by TAG E-training Center.
8. No registration fees.

Exam's Methodology:

- After the applicant selects one of the two levels of the Certificate, he/she can attend the exam at any of the accredited centers in all Arab countries.
- All centers are linked together, and the exam starts in the application desired by the applicant as the programming of the exam provides this option.
- After finishing the exam, the result appears immediately on the examinee's screen, as the correction is electronically conducted with no human intervention.
- In case of failure in any of the seven applications, the examinee may register to retake the exam in that specific application.

TAGIUNI.Global

Talal Abu-Ghazaleh International University was established in 2012 to provide academic degrees, language and arts training, professional certificates and continuous education through strategic alliances with globally accredited partner institutions. TAGIUNI believes that education is no longer for the few who are able to afford the costs of the traditional classroom setting. We have taken advantage of the latest developments in digital information technology to bring quality education to students, wherever they may be.

A. Why Study English?

English language is the most commonly spoken language in the world. One out of five people can speak or at least understand English, it is the language of science, aviation, computers, Internet, diplomacy, and tourism. Knowing English increases your chances of getting a good job in a multinational company within your home country or of finding work abroad.

B. Personalized English Training Platform:

Talal Abu-Ghazaleh International University (TAGIUNI) offers a range of online English language training programs in cooperation with VOXY, a US web-based personalized English training platform, with the aim of providing academic and career-aligned English courses. Voxy's web platform and integrated mobile app will allow TAGIUNI students to access a more flexible type of English training that fits their schedules, which are represented in:

1. The VOXY Placement Test to determine the candidates' level in English language, with a full description provided to the candidates about their levels.
2. Online General English Language Training Courses with multiple levels.
3. Online IELTS test preparation course.
4. Online TOEFL test preparation course.
5. Online English Language Training Courses for Careers.
6. Teaching English: TEFL Pedagogy and Best Practices.
7. The VOXY Proficiency Assessment in all assessment formats; speaking, reading, writing and listening, the assessment results are mapped to the CEFR and a full analysis of the result will be shared with each candidate.
8. VOXY offers platform licenses including Group Classes, e-learning and private classes' courses with the following details:
 - Group classes are live courses with certified trainers and a group of 5 to 6 candidates from different places with the same level of English, the license will be valid for a year for each student and he/she can take all the needed courses during this year.

- E-learning is a self-study license which will be valid for a year for each student and he/she can take all the needed courses during this year.
 - Private classes are one to one courses, in which the student can take a private lesson with a certified trainer.
9. Our exams are offered at Talal Abu-Ghazaleh Proctored Testing Centers (TAGIMETRIC) which is a comprehensive Testing Center that offers a secure environment with web accessed monitoring services and student authentication facilities in addition to the latest biometric technology, we use our policies and procedures manual to conduct and monitor exams.
