

## Talal Abu-Ghazaleh University College for Innovation

### About TAGUCI

The University College was established in 2018 as an independent University College accredited by the Ministry of Higher Education and Scientific Research in Jordan and the Accreditation and Quality Assurance Commission for Higher Education Institutions. Our programs have been developed with the advancement in communication and information technology in mind by the most respected and renowned figures in academia. All programs have been designed to bolster the advancement of technical knowledge with practical real-world applications and through the case study approach where appropriate.

TAGUCI is the only major institution in the Arab world specializing in teaching applied information technology. Our academic programs are supplemented by internships in the Talal Abu-Ghazaleh Global that practices all the disciplines taught in the University College.

TAGUCI's aim is to prepare students for leadership positions in their specialized fields. We are committed to always develop new programs that help our students meet the demands of the ever-changing global economy.

To help achieve our goal of encouraging innovation, TAGUCI will offer any student who develops an innovative project that is patentable a grant that covers the cost of their tuition once over. Furthermore, Abu Ghazaleh Intellectual Property (AGIP), the largest Intellectual Property Company in the world, will assist in registering their patent for them.
